

INDUSTRIAS ELECTRO QUÍMICAS S.A.

INDUSTRIAS ELECTRO QUÍMICAS S.A. has been awarded the **BRONZE MEDAL** in its first annual Sustainability Assessment conducted by EcoVadis, one of the world's most recognized platforms for corporate sustainability evaluations.

This result **places IEQSA among the top 35% of companies evaluated by EcoVadis** over the past 12 months.

This achievement reflects our company's responsible performance across key sustainability pillars: environmental practices, labor and human rights, ethics, and sustainable procurement.

This recognition encourages us to continue strengthening our corporate best practices and to work collaboratively with our stakeholders to contribute to sustainable development.
